## About Us

Could you Imagine an institution with 23,000 students.....Women at that.....!!!. It is with great honour and privilege that we introduce Angammal Educational Trust, established in 1987 by Prof. Dr. M. Karunanidhi, Chairman & Secretary, who is the architect and driving force behind the temples of learning under the banner – Vivekanandha Educational Institutions.

Now-a-days quality education for women should be oriented towards national development that aims at training the younger generation in life skills, self-reliance, personality development, community service and social service.

Set in a sprawling campus of 300 acres, fortified by up to date infrastructure, modern facilities and efficient human resources, Vivekanandha Educational Institutions has inherited these principles and our colleges, year after year, have given more than 23000 women students, a unique opportunity to develop their knowledge, hone their skills and the virtue to acquire all the aspects that are essential in attaining goals mentioned above through various disciplines in this vast campus that houses institutions which are diverse in nature.

With a noble intention, Vivekanandha Educational Institutions as a group, is striving earnestly towards EMPOWERING WOMEN who are deprived of the very basics in education in this part of our nation, since its inception.

Our endeavour in providing our wards with adequate facilities, empowering their skills, and inducting them as efficient, respectable, productive and valuable citizens into our society has resulted in them launching their service to our nation and to their families with focus, passion and dynamism.
